OBJECTIVE

Highly skilled and motivated computer engineering graduate Seeking a challenging position as a **Full Stack** software developer, A results-oriented individual driven by a passion for software development, problem-solving skills, and dedication to delivering high-quality software solutions.

EDUCATION

PSGVPMS D.N Patel College of Engineering, Shahada   **July 2018 – July 2022**
Bachelors of Technology (B.Tech) - **CGPA** *-* **8.63**   *Shahada, India*

kai Sau G.F Patil jr. College of Science   **April 2017 – March 2018**
12th - Science - **Percentage** *-* **67.08%**   *Shahada, India*

Nishat High School jr. College of Science   **April 2015 – March 2016**
10th - MSBSHSE - **Percentage** *-* **76.60%**   *Shahada, India*

COURSEWORK / SKILLS

- Java Development
- Web Development
- Android Development
- Spring Boot API Creation
- Data Structure & Algorithm
- Database Management System

PROJECTS

Spotify-Clone ⬈ | HTML/CSS, Spring Boot, MySql   **October 2023**
- About project : **Create a web and/or mobile application that mirrors the functionality of Spotify, offering users a familiar and intuitive music streaming experience.**
- Aim : **Develop a web and/or mobile application that closely replicates Spotify's functionality, providing users with a seamless and enjoyable music streaming experience characterized by intuitive navigation, robust audio playback, and personalized music discovery features.**

Airline Reservation System ⬈ | Java Swing Library and MYSQL   **June 2023**
- About project : **Developed an Airline Reservation System using Java Swing for the user interface and MySQL for the database management.**
- Aim : **The system aimed to provide a user-friendly platform for passengers to search, book, and manage their flights, while enabling airline staff to efficiently manage reservations and flight schedules.**

Office Filling ⬈ | Java Swing Library and Microsoft Access   **February 2022**
- About Project : **Developed an Office Filing System using Java Swing for the user interface and Microsoft Access for database management.**
- Aim : **The system aimed to provide an efficient and organized way to store and retrieve office documents and files, improving document management processes and reducing manual paperwork.**

TECHNICAL SKILLS

Languages: C, C++, Core Java, Java Advance, Java JDBC, Spring Boot SQL, MySQL, NoSQL, HTML, CSS, XML, JavaScript, React
Developer Tools: IntelliJ Idea, Eclips, VS Code, Android Studio, NetBeans
Technologies: GitHub, Fire Base, Figma, Vercel
